

Job Posting

Tribal Home, Community & Foot Care Manager

***18 Month Term Position**

About SERDC:

Southeast Resource Development Council (SERDC) is a dynamic Indigenous-led non-profit organization that focuses on the needs of our member communities. We strive to make a meaningful impact by supporting our people through on and off-reserve programs and services.

We serve eight member communities consisting of Berens River First Nation, Brokenhead Ojibway Nation, Bloodvein River First Nation, Black River First Nation, Hollow Water First Nation, Little Grand Rapids First Nation, Pauingassi First Nation and Poplar River First Nation.

What we offer:

- Comprehensive benefits package
- Pension
- Support work-life balance, including personal days, cultural leave, sick time, and a minimum of three weeks' vacation

Conditions of Employment:

- Must produce a satisfactory Criminal Record Check (including Vulnerable Sector Search).
- Must produce a satisfactory Child Abuse Registry Check.
- Must produce a satisfactory Adult Abuse Registry Check.

Salary commensurate with experience.

SERDC recognizes the importance of building an exemplary service delivery organization. We are committed to employment equity, diversity, and inclusion, and are proud to support career opportunities for Indigenous peoples to reflect the communities we serve.

Preference will be given to qualified SERDC community members or First Nation applicants who voluntarily self-declare in their application.

***Reasonable accommodation is available upon the applicant's request. ***

We thank all applicants for their interest in this position; however, we will only be contacting candidates selected for interviews.

Closing Date: all applications must be received by **August 7th, 2026, at 4:00PM**

How to Apply: Apply on our website and specify the position of interest <https://serdc.mb.ca/careers>.

Job title	Tribal Home, Community & Foot Care Manager
Reports to	Director of Clinical Services
Division	Health Clinical Services

Job Purpose

Reporting to the SERDC Director of Clinical Services, the *Tribal Home, Community & Foot Care Manager (THCFCM)* will support and collaborate with all SERDC community home care programs, including health program staff and other stakeholders in partnership with communities by ensuring community-based care programming meets quality standards. Providing advisory and clinical support to the community-based programs where the Case Management approach is used to ensure clients and communities are at the center of care and service planning.

The THCFCM works with communities in developing comprehensive home and community care services that respect traditional, holistic, and contemporary approaches to healing and wellness. These services assist people who have chronic and acute illnesses and receive the care they need in their home and community. Care provided in these familiar settings allows First Nations people to be close to their loved ones as long as possible and to keep their independence.

The THCFCM will ensure up to date policy files, manuals, and materials; maintain reporting requirements and resources. THCFCM will be required to develop review and revise technical documents; support and evaluate the Tribal Home Care program through a quality improvement lens as per accreditation standards.

The THCFCM will also oversee the Tribal Foot Care Program such as program development, and supervision of the Tribal Foot Care Nurses which will entail annual employee evaluations, HR needs, etc. In addition, providing foot care services when necessary to ensure actionable steps are taken to ensure continuity of foot care services.

Duties and Responsibilities

1. Program Support and Development

- Provide consultation and recommendations of processes to support the delivery of primary and second level services and activities required for the operation and safe delivery of Home & Community Care services to First Nations.
- Provide leadership in the development, implementation and evaluation of strategies to promote health and prevent illness and injury, work with inter-professional teams, other health-care providers/sectors and community members.
- Support the SERDC member communities in the ongoing development and delivery of the Home and Community Care Programs that can include but not limited to the following key activities:
 - Assist community groups in the planning and development of their Home & Community Care proposals such as palliative care, home care plans, training plans, capital plans and as requested.

- Coordinate and participate in the development of training plans and make recommendations based on community needs.
- Responsible for the on-going monitoring and support of community home care programs continuing progress through community visits, meetings, and workshops.
- Support each community with mandatory reporting requirements as needed.
- Orientate First Nations to the responsibilities and requirements of the contribution agreement for the Home & Community Care Program, including goals, objectives, financial controls and reports.
- Participate in all planning and implementation and regional committee meetings to report on project status and/or any special circumstances happening in the Tribal Council area.
- Collaborate and network with representatives of the various federal departments, provincial governments, professional associations and other non-government organizations for the purposes of a single-window access to all continuing care services, i.e. ISC.
- Facilitate networking and collaborative training for capacity building and professional development with home and community care program nurses, coordinators and allied staff.
- Analyze and interpret regional, provincial, health, environmental, and social trends, with a view to contributing to the planning, implementation, and evaluation of Home & Community Care policies and programs for the Manitoba Region.
- To assist, and participate in the development of any capital, training, planning, implementation, and evaluation plans for the region.
- Create/develop a comprehensive communication plan that promotes effective working relationships throughout the process at the regional, provincial, tribal council and community levels.
- Collaborate with key health services personnel in First Nations & Inuit Health for the purposes of program planning, monthly reporting, and evaluation of other program issues in the Home & Community Care Program.

2. Employee Mentorship and Support

- Provide mentorship and foster a supportive environment by identifying training opportunities, addressing skill gaps, and encouraging continuous professional growth.
- Conduct annual employee evaluations for direct reports to assess performance, identify strengths, and address areas for improvement.
- Oversee and coordinate work schedules to ensure efficient service delivery.

3. Quality Assurance and Risk Management

- Strategy for ensuring quality care that includes client satisfaction, scope of practice, and accreditation process.
- Monitoring of liability issues as they may relate to occupational health, risk management of client care services within the community.

4. Administrative

- Maintains appropriate file systems and records with guides and indexes, including computer records, back-up files, etc.

- Ensure deadlines/timelines are met in a timely manner, this includes preparation of reports for funder(s) and liaise with referring sources as requested and required.
- Maintain program statistics for purposes of evaluation and research.
- Participate in internal/external meetings as required and identified by immediate supervisor.

5. Professional Standards and Compliance

- Maintain/renew professional license according to expectations of the College of Registered Nurses of Manitoba.
- Adhere to SERDC policies and ensure compliance with regulatory standards.

6. Other related duties as assigned by your supervisor and the Leadership of SERDC.
